Lead Pastor, Cable Road Alliance Church

### JERRY DENDINGER / (513) 836-4732

VP/Chief Operating Officer, Athletes in Action

## EXPERIENCE

### CREATIVE ARTS/TEACHING/LEAD TEAM PASTOR (2016 - PRESENT)

FEARLESS CHURCH (church size ~1000)

This last season of ministry was the most fulfilling ministry role of my career. I have served for the last several years as part of the lead team and teaching team, as well as overseeing all aspects of our Sunday morning worship services. With an amazing team, I have helped to establish a healthy, contagious culture in a new church being launched out of the wreckage of a fallen mega-church. I gained the experience of being a part of a full scale new building project, relocation, and relaunch. I equipped leaders for multiplication at future campuses and church plants.

### WORSHIP/COMMUNITY/TEACHING PASTOR (2011 - 2015)

CENTERVILLE COMMUNITY CHURCH (church size ~500)

This was an especially difficult season of ministry, but God was faithful to bring personal growth through the pain. He gave me the opportunity to build a worship ministry from broken to thriving despite being in a church that had recently split and had a toxic culture. We built a new culture of passion and authenticity, volunteers were equipped for team leadership, and the church began to grow. In my 5 years here, I oversaw worship and communication, grew as a teacher, and spent a year as the Community Group Pastor in which our church-wide group involvement nearly doubled.

### WORSHIP LEADER (2010)

LIMA COMMUNITY CHURCH (church size 2000+)

I think this short year was a gift from God to me. This was the church at which I came to know Christ through their student ministry. It was a great opportunity to get to serve alongside a fantastic leadership team. I served as the worship leader for the main campus of this large multisite church at a time when I was certainly underqualified. I had the opportunity to lead large teams of volunteers in the execution of 3 weekend services and I got a front row seat as a member of the team responsible for the planning and coordination of all 4 campuses.

### WORSHIP LEADER (2007 - 2009)

SHAWNEE ALLIANCE CHURCH (church size ~800)

I was launched into ministry here before I really knew what was happening. At the time I was a middle school teacher, a fairly new believer, and had no dreams of going into ministry. Still the leadership saw something in me and decided to take a risk. I had no experience whatsoever, but I ended up leading all volunteer teams for worship services at the main campus 26 weekends a year at this multisite church. During my last year at Shawnee, I got the experience of launching a new campus (in a bar of all places).

## SKILLS

I asked my current lead pastor for his assessment. I told him to be brutally honest.

Team Leadership

Teaching/Preaching

Strategic Planning

Culture Building

Pastoral Care
